

Ref.: OV02D500 BLACK

Ref.: OV02D501 WHITE

SPORTS COMPRESSION SOCKS

Characteristics:

- Improve venous return and muscle recovery.
- Reduce recovery time.
- Prevent against muscle injury.
- Allow the area to breathe and keep a constant temperature of the lower limbs.
- Provide greater protection for the most vulnerable areas (Achilles tendon, calves, toes and soles of the feet), minimising impact during sporting activities.
- Padded area at the top of the instep to avoid discomfort or chafing from shoes.

Composition:

72% Polyamide.
28% Lycra.

Colours:

OV02D500: Black.
OV02D501: White.

SIZES	MEASURES	
	A-D cm HEIGHT	C cm MAXIMUM CALF CIRCUMFERENCE
1	36-40	30-34,5
2	36-40	34,5-39
3	36-40	39-43,5
4	36-40	43,5-48
